Narberth broke into the winning column in the Main Line League last Saturday by trouncing Berwyn, the league leaders, 9 to 7. This was the borough team's first league win in four starts. Further success crowned the efforts of the Narberth nine when they defeated the Powell Professionals, a Philadelphia team with a fine record, 6 runs to 5, in a twilight game Wednesday.

By John Uberti.

After enjoying a comfortable lead of five runs earned during the first seven innings of a Main Line League game last Saturday at Narberth, the Berwyn Club sat back in dismay and surprise as the Borough maces pounded out seven thundering hits in the last session of the contest to exit triumphantly nine runs to seven.

It was a gallant comeback for the Narberth team; but, after all, the rally was merely akin to those fine pell-mell spurts staged in many games of the past, except that the "lucky seventh" of days of yore is now better known as the "lucky eighth." Even in the past four losses of the season, the Davismen have made their strongest bid for victory in the eighth.

The large number of Berwyn rooters who accompanied their favorite team, extremely hopeful of a fourth consecutive win in the Main Line League, were dolefully disappointed in that tempestuous eighth when ten boys of the Borough clan marched past the bat pile in unflinching unison to open the customary hit-and-run attack and silence a clamorous cheering from the Berwyn section. In their unexpected rally, the Boroughites have proved beyond a doubt that their fading punch,

Borough to Compile a Registry Book

New Method of Listing Properties Will Prevent Mix-ups on Titles.

SURVEY ALSO PLANNED

The compilation of a registry book, which will list all properties in Narberth by streets and also alphabetically will be undertaken immediately by Burgess Henry A. Frye.

The book, which will be known officially as the Borough Register, will do away in the future with the confusion which has resulted from the numbering of properties in Narberth. Different land companies in the past have changed the numbering of lots with the result that many properties have been sold for unpaid taxes when the owners were unaware that they were listed for sale under a different number than their title indicated.

While the establishment of an official Borough Register doing away with the listing of properties by number will not be retroactive, since permission was only granted boroughs by the State Legislature in 1929 to keep such a book, it will prevent the recurrence of these unfortunate episodes in the future.

Following the compilation of the registry book, which is expected to take about three or four months, a survey will be made of the borough, which will include a complete and accurate map showing all properties, and also all gas and water mains, sewers, electric and telephone cables, etc. This survey will be used as the basis for all future assessments.

Authority to undertake this work was granted by Council at its June meeting on Monday night. It was characterized by a Councilman as "one of the most constructive projects ever undertaken by the borough."

209 Receive Diplomas at Lower Merion Commencement; Many Prizes Awarded

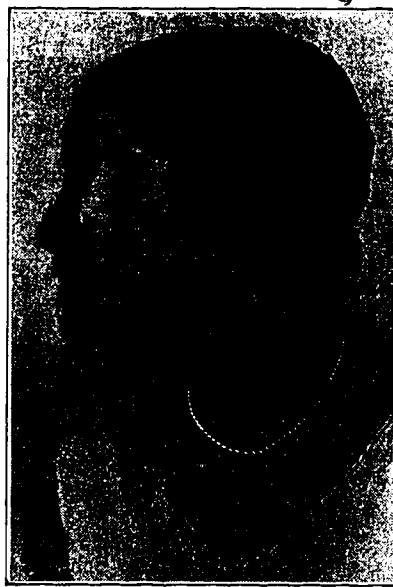

Two hundred and nine seniors of Lower Merion High School received diplomas from the hands of William L. Austin, President of the Township Board of Education, at the Commencement Exercises held in the Junior High School Auditorium last Friday night.

The address of welcome, following a march by the High School Orchestra and the invocation by the Rev. Joseph C. Harvey, of Gladwynne, was made by David L. McVickar, of Cynwyd. McVickar replaced the official salutarian, Constance McChesney, who was unable to officiate owing to college preparation work.

An address, "Tekel," was made by Doris A. Bredo, of Cynwyd, and another address "In Defense of Modern

Regular routine business was the chief preoccupation of the Narberth Borough Council at its regular monthly meeting on Monday night.

A proposition of the Philadelphia Suburban Water Company whereby the Borough may obtain nine new fire hydrants without charge due to a reduction in the rate for fire plugs was accepted. These new hydrants will be placed in positions designated by the Fire Chief in conjunction with the chairman of the Police and Fire Committee.

The report of the Public Safety Committee indicated the wide variety of matters and complaints that pass through the Borough Office and are attended to by the Narberth Police. The report, very detailed, and frequently quite amusing, follows in part: "One hundred and five summonses were issued for passing 'stop' signs.

"On May 1, Sherman Lillard, 231 Woodbine Avenue, beat his wife and shut off the gas and electric lights. Mrs. Lillard was taken to Bryn Mawr Hospital, and a visiting nurse called at the house and got a lady to take care of the children.

"Mr. Cabrey, of Windsor Avenue, at the corner of Narberth Avenue, complained about Mrs. Town's dog running at large.

"Walter Case, 241 Haverford Avenue, reported that a twenty-foot ladder had been taken from his property.

"The front and back doors of Cook's Plumbing office were found open, on the fifth.

North Opens Ardmore Store

A factory branch of the F. A. North Company is being opened at 23 Rittenhouse Place, Ardmore, to handle Lester and Leonard pianos exclusively for the Main Line.

The store will be one of the many branches of this large concern, whose headquarters are at 1306 Chestnut Street, Philadelphia. The local representative will be Mr. Roy Schow, who has been associated with the F. A. North Company for many years.

WHAT ABOUT SAND-BOXES?

When you buy a sand-box, consider whether it possesses both attractiveness and durability.

Some boxes, with cunning artistry, attract the eye, but will collapse after a few months of hard wear by vigorous young playfellows. Such a purchase would be poor economy.

A sand-box such as we have been selling for the past four years will be a pleasing addition to any garden, with its symmetrical lines and its bright green paint. It will also be a permanent addition for the three or four years which comprise the age of sand-box-lure for children, because of its sturdy, durable construction.

To find such a combination of good qualities priced as low as \$10.00 and to know that the box is 4 foot square, raised six inches from the ground, with a ledge around for a seat,—well, as a three-year investment, we should say, "well worth it." White seashore sand is \$1.00 a bag,—(2 bags will do).

"Rogue Song," Golden Calf and Airplane Exhibit at Narberth

Several announcements of interest are made by the Narberth Theatre this week:

In conjunction with "The Sky Hawk," showing this Friday and Saturday evenings and Saturday matinee, an exhibition and flying demonstration of airplane models will be staged by Main Line boys for three prizes—\$5 gold and two books of theatre tickets—given by the theatre management. Judges of the events are W. B. Richards, of Bala-Cynwyd's model airplane club, and John B. Alker, of Narberth's club. Awards are to be made at Saturday's matinee.

Beautiful colors, stirring drama of love and hatred, and the most pleasing singing yet heard in "talkies" combine to make "The Rogue Song" one of the season's outstanding hits. With Lawrence Tibbett, Metropolitan operatic baritone, as the bandit chieftain hero, and Laurel and Hardy as comedy relief, the picture will be given at the Narberth Theatre next Monday and Tuesday.

A double feature is announced for Wednesday and Thursday: Rudy Vallee, crooning radio headliner, in "The Vagabond Lover," and Lupe Velez in the dramatic "Tiger Rose," aided by Monte Blue and Rin Tin Tin, the wonder dog.

"The Golden Calf" will be seen next Friday and Saturday, with El Brendel, popular comedian, in the leading role. A Laurel and Hardy comedy is also scheduled.

The theatre management announces that matinees will be given daily beginning Monday, June 16, and that prizes given by local merchants will be presented women in the audience.

Summer School Opens July 7th; Registration Now

The summer school, conducted under the auspices of the Narberth School in co-operation with the School of Education of the University of Pennsylvania, will open on Monday, July 7. It will include grades four to seven, inclusive, and possibly an eighth grade.

Registration should be made at once with Principal George H. Wilson at the school or with the school secretary. It is intended especially for pupils who have deficiencies in certain subjects or who wish to make up back work. There is no charge for attendance and the summer session is operated without cost to the school district.

Handles New Radio

Announcement was made this week that Stromberg-Carlson radios will soon be added to the Atwater Kent line now being sold by the Wunder Battery and Electric Service at 108 Forest Avenue, across from Narberth's Elm Hall. The Stromberg-Carlson radio, according to Mr. Wunder, has for its slogan "The Finest in Radio," and will be available, for the first time on the Main Line, at the Narberth headquarters. Five models will be on display, including a combination radio and electric phonograph.

Three Musical Shows Scheduled at Egyptian

Music treats are in store for theatre-goers at the Egyptian Theatre, Cynwyd, this week. Three of the next four shows have music hits that are becoming popular everywhere.

"Montana Moon," Joan Crawford's latest alliterative romance, playing at the Egyptian this Friday and Saturday, includes in its song successes "The Moon Is Low." Novelty music effects are given by a competent cast which includes Cliff Edwards ("Ukelele Ike"), John Mack Brown and Benny Rubin, comedian.

"Lord Byron of Broadway," here next Monday and Tuesday, has contributed more dance hits than any other recent show. Nacio Herb Brown and Arthur Freed, who originated "The Wedding of the Painted Doll" and other recent song successes, wrote for "Lord Byron" these: "Should I," "A Bundle of Love Letters," "Only Love Is Real" and "The Woman in the Shoe."

Coming to the Egyptian next Wednesday and Thursday is "The Ship from Shanghai," whose thrills are furnished by a cast which includes Conrad Nagel, Louis Wolheim, Carmel Myers and the Pacific Ocean. An added feature will be "The General," a new color classic, by the veteran Gus Edwards.

"Puttin' on the Ritz" will be done by Harry Richman at the Egyptian the end of next week. Song hits: "With You," "There's Danger in Your Eyes, Cherie," "Alice in Wonderland" and "Puttin' on the Ritz." Accompanying the feature will be a new Laurel and Hardy talking comedy, "They Go Boom."

Book Reviewers to Meet

The Book Reviewers will meet in the Library, June 20, at 10:30 A. M. Besides book gossip and brief reviews, there will be comments on the books receiving the Pulitzer awards for 1930, with emphasis on La Farge's "Laughing Boy," the prize novel.

This is an informal group which welcomes any interested person to any, or all, of its meetings. Attendance implies no obligation.

Club, is known as the father of the movement for this great \$5,000,000 memorial museum. It was he who conceived the plan and interested the prominent men who are acting as sponsors in the drive.

"No man born into the world exceeded Benjamin Franklin as a statesman and genius," said Mr. Neff, in opening his talk. He went on to describe the long list of accomplishments credited to the great Philadelphia patriot—the only man to sign the four principal documents of American independence.

The Benjamin Franklin Memorial and Franklin Institute Museum is destined to become the greatest educational and technological institution in America, he went on, and will annually draw six to eight million people to Philadelphia from all over the world. Not only is it to be a proper and deserving memorial to the greatest Philadelphian, that great American, Benjamin Franklin, but it will be, as he would wish if he lived today, a "useful museum." Within this ornate structure on the Philadelphia Parkway at Logan Circle will be housed more than sixty thousand separate exhibits of all of the marvels of science and mechanics.

It will be unique in this country in that every exhibit will be power-connected or capable of operation by the visitor. In this way the youth of this country will be able to study at close range the working of the tens of thousands of machines which interest yet bewilder them. This museum will be a great vocational guidance institution, through which the youth of the land will be able to find their bent in life.

Two thousand of the outstanding men and women of Philadelphia are enrolled to make the campaign now in progress for the raising of five million dollars, with which to erect this great memorial and museum, a complete success.

"The project has been three years in the formative stages," said Mr. Neff, "and its development is due largely to the interest displayed by that famous Philadelphia publisher—Cyrus H. K. Curtis.

Fifth Inning Rally Routes Powell Pros

By John Uberti.

After allowing the usual handicap at the start of the game with the Powell Professionals of Fairmount, Philadelphia, Narberth came from behind with the pachyderm punch of champions and halted the visitors in their onward course, leaving the field victors, 7-6. This is the second game in a week from which the Davismen have retired victoriously by means of a last-minute spurt.

The Powell Professionals visited the borough with the intention of extending their winning campaign of 23 victories out of the past 27 games played thus far, but found the statistics rewarding them with five defeats for the present season. Narberth earned their second straight win, having defeated Berwyn in that sensational fracas of last Saturday, and raised the number of victories to three for the year as compared to five losses sustained to date.

A Memorial to Franklin

At Logan Square, on the Parkway, Philadelphia's great avenue of beauty and culture, shortly is to arise the Benjamin Franklin Memorial, a noble edifice dedicated to the great American, and housing vivid, operating exhibits in all of the fields of science and the graphic arts.

Scientists, business men, heads of great corporations, and bankers have associated themselves to bring to fruition a memorial plan, originally conceived by the Poor Richard Club, Philadelphia's advertising club.

Situated on the west side of Logan Square, this dominating structure will house the Franklin Institute, and the marvelous displays which in their animation will attract students of the world and give Philadelphia a great addition to its institutions devoted to the sciences, arts and education.

As a lasting memorial to Franklin himself, instead of as a perpetuation of the scientific activities which he so cherished, the Benjamin Franklin Memorial Chamber is to be the great architectural feature of the entire structure, for it is within this vast Memorial Hall, bare of all adornment but a heroic statue of Benjamin Franklin, that visitors will first pause to pay honor to the man whose achievements have helped fundamentally to make possible the scientific exhibits in other portions of the building.

Lend a Hand

Clothes make the man, 'tis said, and if the same logic holds, uniforms help to make a ball team.

The Narberth Fire Company has placed a baseball team in the field which plays regularly scheduled games in the league composed of the Lower Merion-Narberth police, the Merion Fire Company of Ardmore, and the Union Fire Association of Bala-Cynwyd. In order to present a creditable appearance suits have been purchased for the Narberth Firemen at a cost of \$150.

These games, in addition to providing entertainment for considerable numbers of spectators in both the borough and township, help immensely in keeping the firemen in good physical condition. Physical fitness is a primary requisite for such a dangerous calling as fire fighting, even with volunteer companies.

Lend a hand, then, and send your contribution, no matter how small, to Chief Charles V. Noel, Narberth Fire House. It's for a good cause.

Removing the Explosives

Action of the Lower Merion Township commission in having the explosives removed from the storage plant of a powder concern in the Penn Valley section pending action on, or settlement of, a bill in equity, will meet with the approval of all residents in the vicinity. Just what will be done in the matter of leases, safeguards and of a resumption of the storage of explosives will not be decided immediately and these matters are not subjects for comment while the case is before the Court. However, in view of the proximity of the township dump—frequently ablaze—considering the easy spread of field fires and the apparent lack of watchmen at the storage plant, no one can deny that the township has used excellent judgment in taking steps to safeguard residents and property without waiting for a decision from the Court.

Flowers For the Flowerless

An appeal for organizations and individuals in the suburban sections of Philadelphia to co-operate whole-heartedly in the Philadelphia Art Alliance annual campaign for "flowers for the flowerless" has been issued by Mrs. Ruth C. K. Strawbridge, chairman of the flower committee.

Mrs. Strawbridge urges that all citizens take an active interest in the campaign by contributing generously of their blooms. School children are asked to join in the movement by gathering wild flowers and delivering them at any one of the six receiving stations which are as follows: Sixty-ninth Street terminal of the Philadelphia Rapid Transit Company, the Overbrook Station of the Pennsylvania Railroad, the Wills Hospital on the Parkway, the Reading Terminal and the Pratt Street Station of the Frankford elevated.

JESS—IN FUN

The recent hoax perpetrated by the humorists of the Cornell "Sun" upon Vice President Curtis, Secretary Davis and others, in which all of these prominent men were led to pay glowing tributes to that "sturdy patriot" and "first Republican," Hugo N. Frye, who never existed except in the minds of certain Cornell undergraduates, and whose name, if pronounced very swiftly, conveys its own vernacular meaning, calls to mind several famous pranks of the past. At Princeton Joe Gish is revered.

The story is that four young men about to enter Princeton conceived the idea of taking a purely imaginary character through Princeton with them. They named him Joe Gish. They passed entrance examinations for him. They roomed with him, and paid his bills. They wrote his theses and attended his lectures. They appeared before the dean when too many cuts were recorded against him. Joe was not a brilliant student, but he did manage to get by. When commencement came, he was slated to receive a diploma. Due to the fact, however, that the four worthies who had created him, and who had done his work for him, were also about to graduate and were present at the ceremonies with their families, no one stepped up to receive Joe's diploma. Rumor has it that still among the archives in Nassau Hall a lonely diploma entitled "Joseph Gish" awaits the call of its owner. For the truth of the story no one can vouch, but rumor also hath it that annually Joe Gish turns up on the police blotters in Trenton, New Brunswick and New York, listed as drunk and disorderly. And one cannot help but wonder whether Joseph will ever see the error of his ways and return in the springtime of the year to Princeton for his diploma.

Trenton frequently awakes to find itself the butt of Princeton pranks. There was the barber-pole episode. One fine spring day a policeman espied two beer-suited seniors walking down State Street proudly carrying a barber-pole. He regarded this as highly suspicious conduct and, stopping the students, he demanded the immediate surrender of the pole, which was peremptorily refused. He conducted the boys to the station house with their singular burden, where, much to his chagrin, they produced a bill of sale for the barber-pole and made a jubilant and hilarious exit. A few moments later another eagle-eyed minion of the law caught sight of the two lads with their extraordinary possession. A return trip to the station ensued and again the desk sergeant was compelled to release the culprits when they produced their bill of sale. This process was repeated. The entire police department of Trenton began to wish that barber-poles had never been invented and that Princeton had never been founded. Finally instructions were sent out to all officers not to bother any beer-suited seniors carrying barber-poles. Soon thereafter the rest of the senior class descended upon Trenton like wolves on the fold and completely divested the city of its barber-poles without molestation by the long arm of the law.

A favorite undergraduate prank was the stealing of the clapper from the bell on old Nassau. Originally when some enterprising and agile undergraduate evaded the watchman and the campus policemen, and, making his perilous way to the tower, escaped with the heavy clapper, the bell was silent until a replacement could be secured from Philadelphia. Classes began late or not at all. Students and professors slumbered and slept until late in the morning, for the campus moves to the sound of the bell, and, if the bell be silent, the campus is motionless. But much of the glamour attendant upon this achievement has been removed by the common knowledge that the University now has stored away in the cellar barrels full of clappers, thoughtfully assembled to care for any emergency that may arise. And the authorities have ceased to regard the removal of the clapper as a whimsical prank to be laughed down by all con-

Pennsylvania Opens Frazer Golf Course

Railroad Officials Tee Off on Memorial Day Contests.

One of the finest and most delightful affairs of its kind ever held on the Pennsylvania Railroad was the formal opening of the new 18-hole golf course at Frazer on Memorial Day. With perfect weather, 225 members of the club and their guests played the course, while their families either followed them or enjoyed the comforts and pleasures of the spacious club rooms and porch overlooking the links.

At 9 o'clock J. T. Davis, president of the Golf Club, stepped to the markers on Tee No. 1 and drove the first ball, amid the cheers of several hundred railroaders who had gathered for the occasion. He used the same ball and the same club with which the Llanerch course was started in 1924.

The first "foursome" immediately teed off, with General W. W. Atterbury and E. C. Felton, a member of the P. R. R. Board of Directors, matched against Vice President Elisha Lee and Thomas W. Hulme.

Late in the forenoon, the club members had the pleasure and honor of greeting the Honorable James J. Davis, Secretary of Labor, who "dropped in" as he said, "to learn a bit of golf technique." Mr. Davis, motoring to Coatesville where he later delivered an address, was attracted by the sight from the Lincoln Highway of the course and clubhouse, and made a small detour on Church Road to see what was taking place.

BENNETT E. TOUSLEY, Manager

The first evening at the club was spent in dancing and several hours of social intercourse. This was enjoyed by upward of a hundred persons.

Nothing but words of highest praise were heard on all sides concerning the excellence of the new course, the beauties of the club room, dining hall, and locker rooms. "I think it's just fine," said President Atterbury, while Elisha Lee's comment was, "it's wonderful!" On many occasions the golfers were observed standing on the fairways admiring the surrounding hills that flank both sides of this section of Chester Valley, giving the club grounds a touch of natural scenic beauty that is unsurpassed in the Philadelphia golfing district.

While considerable work still remains to be done until everything is finally completed, the new facilities are such as to afford the members all the pleasures and comforts of a modern golf club, without any inconvenience.

IT'S WISE TO CHOOSE A SIX

SIX reasons why it's wise to choose a "SIX"

1. **It's Smooth!** Chevrolet has a 50-horsepower six-cylinder valve-in-head engine that delivers its power with a smoothness and silence that are impossible with anything less than six cylinders.

2. **It's Comfortable!** Chevrolet offers modern spring suspension, roomy bodies, and a smooth-running six-cylinder engine.

3. **It's Easy to Drive!** Chevrolet provides an extra-easy ball bearing steering mechanism. And six-cylinder flexibility means unusual simplicity of control.

4. **It's Beautiful!** Chevrolet is the only low-priced car with *Body by Fisher*. Hence, its style compares favorably with that of costly cars.

5. **It's Economical!** The Chevrolet costs no more for gas—oil—tires—or service. And six-cylinder smoothness holds down costs, by protecting the car from destructive vibration.

6. **It's Easy to Buy!** The G. M. A. C. payment plan, with its easy terms, is available to all Chevrolet buyers. Come in! Confirm all the reasons why it's wise to choose a Chevrolet Six.

Parks Shuts Out Tioga A. C.; Easy Victory For Juniors

The Narberth Juniors won an easy victory over Tioga A. C. last Tuesday night on the Narberth Playground by the score of 7-0. Keith Parks, the Juniors' right-hand ace, gave another splendid hurling exhibition, allowing only five hits and striking out eleven of the enemy batsmen. Strauss and Powell excelled in the field for Narberth, while Clemens' sparkling defensive play was the bright spot for the visitors.

Road Opened For Traffic

A 1.74 miles section of concrete highway construction on Haverford Road, traffic route 105, legislative route 719, between Ardmore and Philadelphia was opened for traffic this week. This section is on the old Haverford Road laid out in 1703. The construction included the improvement of lines and grades and is intended to relieve traffic over the Lincoln Highway in this district.

It was built by the Golden Construction Company on a contract awarded October 24, 1929, for \$61,292.45 by co-operation between the State and Lower Merion Township.

Social Evening, Discussion Feature Final Forum Session

The Forum closed its first season with a delightful supper and garden party last Thursday evening, at the home of Mr. and Mrs. Robert F. Wood, of 237 Forrest Avenue. There was an attendance of 18 men and women, who by quite constant attendance at the meetings of the past winter season have become the nucleus of that discussion-group which has no fixed membership, rules nor requirements for admission, except a sincere interest in the subjects considered under the leadership of the Rev. Robert E. Keighton.

The supper was prepared by the ladies of the group, and served at 6:30 in the dining room, but before the last course, the guests were asked to go to the garden in the rear for dessert and coffee. Seats were available there for everyone and the nature of the meeting gradually changed from social refreshments to the usual Forum discussion. The beautiful weather of that

evening, the slowly changing shadows from twilight to bright moonlight and the remarkably interesting and comprehensive summary of their Old Testament studies which Mr. Keighton gave there in the outdoors, all contributed to create an occasion of unusual charm and enjoyment, one which everyone was loath to bring to an end when it grew late.

It was unanimously decided that the Forum meetings will be continued next autumn and winter on the same

plan as in the past. That is, they will be held at private homes, but freely open to all who may wish to attend. These meetings will be held approximately every other Thursday night, beginning on the evening of September 18 at the home of Mr. and Mrs. C. Arley Farmer, of Woodbine Avenue.

It was also decided that the general theme of the next series of meetings will be the life of Jesus, but that decision was not arrived at until after considerable discussion of five differ-

ent possible subjects for the next series of meetings. Various members of the group voted first for various topics on the list, and asked for recommendations of books for summer reading on various related topics, but finally the decision was unanimous. The five subjects from which the choice was made were as follows:—

How We Got Our Bible.
The Psychology of Religion.
The Philosophy of Religion.
The History of the Christian Church.
The Life of Jesus.

Measles Leads Diseases

Fifteen cases each of measles and German measles head the list of contagious diseases reported for the week ending June 6, by Health Officer Marvin E. Reynolds of the Lower Merion Township Board of Health. Two cases of scarlet fever, one in Merion and the other in Ardmore, 1 case of mumps and 1 of pneumonia complete the new cases of communicable diseases.

Announce Haverford Township Award at Annual Fete

A Haverford Township award, to be presented annually to the citizen who renders the most outstanding service to that Main Line section, was announced last Saturday night by Morrison N. Stiles, a member of the Haverford Township Board of Commissioners.

The project was explained to an audience of nearly one thousand persons in auditorium of the Brookline Square Club, Brookline, at entertainment and lecture which concluded the second annual Haverford Township Day, held on the grounds of the club and township high school.

Despite the threatening weather and the showers in the early afternoon, Township Day proved a magnet for a large crowd from all parts of the Main Line. More carefully planned and for

more comprehensive than last year's event, it was a review and exhibition of Haverford Township's civic activities.

Particularly impressive was the work shown by the volunteer fire companies. Agile firemen climbed ladders reared against the walls of the Square Club, carried down comrades on their shoulders, lowered others from the roof by ropes and leaped down into nets to the cheers and applause of the audience.

Smuggling by Airplane Thwarted by Chevey Six

A Chevrolet six recently figured in what is believed to be the first case on record of a head-on collision between an automobile and an airplane.

The car, one of twelve Chevrolet sixes used by Detroit immigration authorities in border patrol work, was being driven by Stanley Zerambo, senior inspector, whose duties consist in

thwarting attempts to smuggle aliens across the border.

Inspector Zerambo had to his credit six planes seized in this nefarious traffic, and had been watching for some time a seventh plane said to have operated for six weeks on regular schedule flying aliens from Canada to American soil.

After several attempts to seize the plane, its pilot and illegal cargo had failed, Inspector Zerambo was scouting along the Detroit Riverfront shortly after sunrise on June 1 when he spotted the plane heading from Canada toward an open field just beyond the Detroit city line. Speeding to the spot Inspector Zerambo swung into the field in his Chevrolet just as the plane landed, and drove directly into its path to shut off retreat.

When the pilot saw the official car in front of him, he sought to ward off capture by speeding the motor up in

a desperate effort to take off again. Inspector Zerambo, in the split second available to make a decision, weighted the ruggedness of the car against the strength of the plane, and drove head-on into the whirling propeller.

Result: Another seized plane added to Inspector Zerambo's impressive record—a disabled plane with a shattered propeller and a damaged wing; two alien prisoners, an escaped pilot; Inspector Zerambo slightly shaken up and bruised, and a car with a damaged right front door, fender, radiator and the radiator cap picked off by the propeller.

Despite the damage to the Chevrolet it came out a decided victor in the crash, for while the plane was totally disabled, Inspector Zerambo was able to back the car out of the wreckage and drive it under its own power, with his prisoners safely aboard to Detroit headquarters.

IN CASE OF FIRE

♦♦♦ A NEW AND FASTER TELEPHONE SERVICE

A new and faster telephone service now safeguards Lower Merion Township and Borough of Narberth homes from fire hazards.

If fire breaks out, simply give the operator the number designated below. Immediately you will be connected with the new forty-line "fire switchboard" at Township Hall, where an officer will be on constant duty.

Tell the officer the exact location of the fire. He will dispatch your fire company to the scene of the blaze.

NOTE THE FIRE NUMBER APPLYING TO YOU

Residents of Lower Merion Township except Narberth call "2-0" prefixed by the name of the Central Office to which your telephone is connected. For example: Ardmore 2-0, Bryn Mawr 2-0, or Cynwyd 2-0.

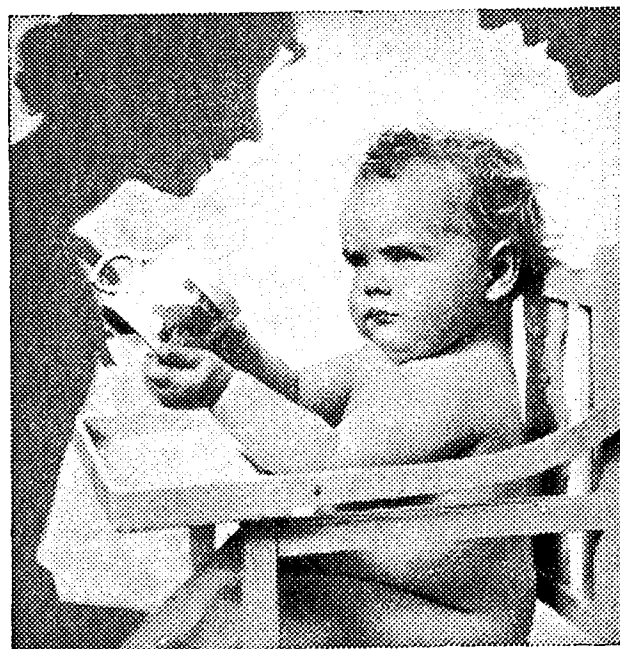

Narberth subscribers call Narberth 2200.

Residents in Haverford Township with Ardmore telephone numbers call Ardmore 340.

Narberth Tops Berwyn For 1st League Victory

CONTINUED FROM PAGE 1

believed entirely gone by the local followers, has found renaissance in Manager Davis' tutoring and are now embarked on a winning campaign.

Due to their setback at the prowess of Narberth, the Doyle's Nursery Boys have slipped back a rung in the Main Line League competition and now share the highly coveted lead with Media. The Media Club won from Paoli, 12-4, thus casting them into last place while Narberth climbed up a notch into fourth position.

Howard Graham won his first battle of the season in stopping the Berwyn bats but has been beaten on three occasions since his inauguration in 1930. Clark, of the opposing nine, whose pitching masterdom is highly commended by the Pennsylvania Railroad Baseball Team, fell hard in defeat and was swept off the mound in the last frame in lieu of Wagner, who came in from right field. But the vertiginous wheel of victory had not been turned, and only the termination of the game could halt its speedy pace in this busy ordeal.

A youngster from the Narberth Junior Team, covering shortstop for the Champions, turned out to be the only heroic performer of the day. "Howdy" Powell, of Woodbine Avenue, stood out alone in this game, both erringly and heroically. In misjudging a pair of swift grounders in the second and third innings, he permitted two unnecessary points to tally on the Berwyn score sheet, while another bungle in the fifth, which put another man on, gave him three errors for the game, a number rarely charged to a Borough player before. However, all this was atoned for in the eighth inning when his solid one-base ply into right field, his third hit of the game, tied the situation. Powell crossed soon after with the winning marker off Burns' single into right.

Vernie Fleck retained the batting laurels for the club by augmenting his previous average from .450 to .458. Curwin cast Burns out of second place with .409, Mickey falling from .461 to .388. Howdy Powell shows an average of .444, but his mark cannot be compared with Curwin's score in view of the few games in which he has participated.

In the first three innings of the game, Berwyn tallied once in each canto, blunders being mainly instrumental in the scoring. Clark held the Davismen to one hit in the first two innings but was touched for five in the succeeding two innings when they compiled a run in the third and another in the fourth. A miscue in the fifth, interspersed with two free passes and three hits, gave the visitors four runs, for an aggregate sum of seven, but, after that, were dealt only two nicks without another run. After Narberth put across one more point in the seventh, came the much-discussed eighth inning.

Burns singled, and Humphreys raised an easy fly to second base. Fleck also hit into right field for a base but was forced off second by Martin. Clark to Redmond. Two down. Narberth assaulted Berwyn with accordant precision. Baker fumbled all around Rubincan's bingle, and Burns and Martin took advantage of the miscue to cross. Thomas dropped a rollicking double into left-center to ship in the Rube, counting himself with the tying marker off Powell's single. Wagner replaced Clark on the hill and Graham profited by his early unsteadiness by walking. Yowell, who performed since the sixth inning in lieu of Curwin, also stroled to fill the bags in this most depressing situation. Mickey Burns came back to bat again this inning to send in runs number eight and nine respectively as Powell and Graham fled over the plate. Mickey ended the game when he was caught trying to purloin third.

A Great Two-Day Event Planned to Supply Vacation and Summer Home Furnishing Needs With Utmost Satisfaction and Genuine Economy—Every Depart- ment Is Represented With Outstanding Values!

Weeks ago we conceived the idea of a great big Sears, Roebuck and Co. Sale—one outstanding for timeliness and value-giving—a sale that would be so filled with exceptional savings on dependable goods that new, higher standards in value-giving would be set for this store and—this season!

Our department managers planned long and planned well for this event—every resource at the command of this great organization has been placed at the service of our managers for this occasion—every advantage that could be gained by buying in quantity and for cash has been turned to the benefit of our customers.

It Would Take Several Pages to Tell of the Savings for "Sears, Roebuck Days" and the Story Would Be Only Half Told!

Plan to shop here this Friday and this Saturday for yourself, your home and your family—for every need for the Fourth of July and the Summer. Come early—park free—shop at your convenience from 9 A. M. to 9.30 P. M.—and save more than you have ever saved before. Extra salespeople to serve you courteously and efficiently. Mail and phone orders filled carefully and promptly.

A PLEASANT MOTOR TRIP

Prepared by the
KEYSTONE AUTOMOBILE CLUB

An ideal honeymoon tour that leads through scenic regions of Pennsylvania and New York to Niagara Falls has been mapped by the Keystone Automobile Club for the benefit of newlyweds. The tour, however, also provides a delightful 400-mile vacation jaunt.

"From Niagara Falls a number of interesting side trips can be taken including a journey to that enchanting summer vacation land known as the Thousand Islands," says Joseph Murphy, manager of the Ardmore branch of the club.

While both New York and Pennsylvania are provided with a network of excellent hard surfaced highways the most picturesque route to the famous falls is northward over the Susquehanna Trail. From Ardmore the tour leads west in the Lincoln Highway to Downingtown where a right turn is made into State route 5 to Harrisburg. Here the Susquehanna Trail is met and this highway marked as national route 11 is followed to Clarks Ferry, where the majestic stream is crossed and the travelers pass through Port Trevorton, Northumberland and Muncy to Williamsport.

From Williamsport the tour traverses natural rugged sections of Lycoming and Tioga counties, passing through Buttonwood, Bloomsburg and Lawrenceville across the New York State boundary to Painted Post. Northward over State route 2 the journey continues around the edge of a beautiful lake region through Bath and Avon, in the heart of a vast dairy country. State route 5 is followed through Batavia to Buffalo. From here excellent highways lead north-

ward along the American side of the Niagara section to the falls.

In addition to the thundering waters of the great cataracts, other scenic wonders include the Cave of the Winds, the Rapids set amid delightful landscape, some of which is enhanced in beauty through colored illumination at night. From here the choice of two attractive routes to the Thousand Islands is offered. One leads through Canada by the way of St. Catharines, Hamilton, Port Hope and Kingston. On the American side a second route passes through Rochester and Fairhaven to Watertown.

Orders For Sidewalk Repairs Sent Out

Highway Committee Made Annual Inspection on Saturday.

The Highway Committee of Council, Messrs. Robert F. Wood, Clifford W. Bates and Edward S. Haws, with the Borough Superintendent, George B. Suplee, made their annual inspection of sidewalks and curbs last Saturday afternoon and, as a result, listed about 100 property owners to whom orders for repairs will be mailed soon. These orders require that the repairs specified shall be made within 15 days, after which time they are in default and the work will be done by the Borough and billed to the property owner with the addition of a penalty of 10 per cent.

For the past several years, however, it has been the policy of Council to in-

dicade on such bills that the penalty may be deducted if payment is made within 30 days, and it is probable that that policy will be followed this year. Under such an arrangement many property owners, in the past, have considered it good judgment to let these orders run into default because they thereby sometimes obtained a lower price on the work than they could have secured individually from contractors bidding on one job alone. The Borough lets all such orders by competitive bids and total of all jobs is usually enough to be an inducement to the contractors to bid close.

The policy of such annual inspection and the strict enforcement of all orders sent out is now beginning to show results in that the number of orders required this year is less than last year and the individual repairs average to be quite small. The general appearance and safety of sidewalks and curbs has also been greatly improved all over the Borough.

Mrs. George A. Mahl, of Narbrook Park, has returned from a six months' stay at Tucson, Arizona.

Garden Books Added to Library's Shelves

Since the recently printed comment on the garden books in the Narberth Community Library, a number which deserve comment have been added. Mrs. King's little book called "Rosemary Makes a Garden" is very good reading, but deserves close attention for there are helpful bits of advice tucked in unobtrusively. Ramsey's "Landscaping the Home Grounds" is practical for the small home, as few books on landscape architecture are.

Two gifts merit especial mention. The anonymous book "Consider the Lilies", with its charming illustrations, was included in the previous list. "Color Planning of the Garden," by Tinley, Humphreys and Irving, is a far more ambitious work. Here, grouped by color, are very complete lists, with full descriptions, of garden subjects, both annual and perennial. Moreover, there are many beautiful and accurately colored plates. It is a book for study or reference, rather than entertainment. Both books come to the library through the generosity of Mrs. C. T. Faries.

cerned, and have given public notice that they will slap a thirty-dollar fine on any persons found in the act of stealing, or in later possession of, the clapper.

Many famous pranks centered around the statue of the Christian Student on the Princeton campus. Often the rising sun would find in that gentleman's hand, raised piously to heaven, a bottle bearing the significant legend, "Gordon" or "Overholt." Other times dawn would find him painted in scarlet or in gilt. Other mornings found him garbed in silken pajamas. One time he was obviously clad in what the feminine apparel trade terms "scanties." He had a tough life. A recent class on a memorable occasion decided to put him out of his misery and tumbled him from his pedestal. Notwithstanding the kindness of their motive, the dean is still looking for the offenders.

BOLERO

"The recording of 'Bolero' is an achievement surpassing anything in all recording history."

The Victor Company itself makes this strong statement. What is this music which the manufacturers place above the thousands of brilliant recordings in their catalogue?

"Bolero," by Maurice Ravel, is unquestionably the musical sensation of 1930. Less than a year old, finished by the composer just in time for the concert season, this extraordinary piece of music has swept audiences like a flame. Hearing it the first time, men and women rose in frenzied excitement, clapped and shouted and stamped, demanded more. Without exception, it has been the most popular music played during the season by the Boston, Philadelphia and New York orchestras.

WHAT IS IT?

A bolero is a dance of Spanish origin. Its rhythm is most graceful and seductive to the point of voluptuousness. In the hands of Ravel, greatest of living French composers, and noted for the variety, subtlety and color of his music; under the baton of Koussevitzky, world-famous conductor, this "Bolero" becomes a thing of almost brutal power and incredible glittering brilliance. Rising from an insinuating whisper, maintain-

ing always its slow, ingratiating rhythm, the "Bolero" reaches climax after towering climax, until it approaches an intensity of power and flashing color that suggests a gigantic and magnificent musical madness.

THE RECORD OF THE YEAR!

On Victor Record No. 7251 and the first half of No. 7252, you hear the performance which excited staid Boston audiences to unprecedented demonstrations of excitement. Serge Koussevitzky and the Boston Symphony Orchestra, in the front rank of the world's greatest musical organizations, reveal here the full magnificence of the modern symphony orchestra—its color, variety, exquisite delicacy and terrific power.

Never before has so much power, so much variety, so much stark realism been placed upon a phonograph record. Words are futile things. Hear this recording today!
